SU PERFORMER

HYBRID RYE

SU Performer is a versatile hybrid rye combining high, consistent grain and forage yields with excellent winter hardiness, early maturity and strong standability.

Quick Facts

Availability	Available
Use Type	Grain • Forage
Grain Yield	123% of Hazlet
Winter Survival	99.1%
Height	94 cm
Lodging	2.0 (1–9)

Why It Stands Out

- **High, consistent grain yield**
- **Strong forage yield**
- **Excellent winter hardiness**
- **Early maturity**
- **Strong standability**

Our Experience

A versatile hybrid rye with strong grain and forage potential, excellent winter hardiness and early maturity. Its combination of strong vigour, standability and market flexibility makes it a practical fit for a range of production systems.

SU PERFORMER

Published Agronomic Characteristics

Winter Survival	99.1%
